SUMMARY

Motivated Full-Stack Developer with a strong foundation in web technologies and backend development. Passionate about building scalable, reliable, and user-focused applications using PHP, MySQL, JavaScript, React, and Node.js. Experienced in developing real-world projects and collaborating in Agile environments. A quick learner with strong problem-solving abilities, currently expanding expertise in DevOps, cloud computing, and CI/CD practices to contribute effectively to enterprise and financial technology solutions.

TECHNICAL SKILLS

- **Languages**: JavaScript, PHP
- **Frontend**: HTML5, CSS3, Bootstrap, JavaScript, React, jQuery, AJAX
- **Backend**: PHP (Core), MySQL, Node.js
- **Tools & Platforms**: Git, GitHub, Azure App Services, Azure VM, Linux, Windows
- **DevOps (Learning)**: CI/CD, Docker (basic), AWS, Azure

EDUCATION

- **MIT World Peace University** — Pune, Maharashtra
  Master of Computer Applications (MCA) — *2024 – Present*
- **Bhagwan Mahavir University** — Surat, Gujarat
  Bachelor of Computer Applications (BCA) — *2021 – 2024*

PROFESSIONAL EXPERIENCE

- **Tryon Infosoft** — Surat, Gujarat
  Trainee Web Developer — *Jun 2023 – May 2024*
  - **Web Development**: Built applications using PHP, JavaScript, AJAX, and MySQL.
  - **Team Collaboration**: Worked in Agile environment; contributed to deployments and debugging.

PROJECTS

- **Task Tracker App**: Full-stack app (React, Node.js, MySQL) with real-time task updates. Deployed on Azure VM.
- **AI Chatbot – DeepSeek**: Chatbot with React frontend and DeepSeek v3 API. Real-time chat, error handling, deployed on Azure.
- **CAREERION – Career Recommendation System**: AI-powered career recommendation system using MERN stack and machine learning.
- **Movie Ticket Booking Site**: Frontend movie booking system using HTML, CSS, JS, Bootstrap.
- **Web Billing System**: PHP billing platform with authentication, invoices, and payment tracking.
- **Construction Company Website**: Core PHP–MySQL website with project showcase and responsive contact form.

VOLUNTEER EXPERIENCE

- **AWS Cloud Club – MIT-WPU** — Sept 2024 – Present
  Tech Member
  - **Support**: Helped execute AWS cloud workshops and technical events.
- **Tech Innovators – MIT-WPU** — Apr 2025 – Present
  Web Dev Lead
  - **Leadership**: Guiding students in full-stack development and project building.

CERTIFICATIONS

- **GitHub For DevOps Workshop**: TrainWithShubham (Issued Feb 2025)
- **PHP Training – Tryon Infosoft**: Completed PHP + MySQL backend training (May 2024)
